

TV Screens

Product Categories: [Sheet glass](#)

Product Page: <https://breakawayfx.com/product/tv-screens/>

Product Description

We can replicate both older style CRT tube and newer flatscreen TV screens, either working from a real empty TV fascia, a 1:1 template, or sizes supplied by you. TV screens can be made in either grey, black or clear, with a matt or mirror shine. It is also possible to paint breakaway TV screens a specific colour using water based paints such as acrylic or emulsion to allow green screen effects. We can also form screens into shapes, either as a flat sheet in a shape, or adding a dome across the plain of a sheet

Breakaway TV screens are priced per square foot, plus any setup & crating charges.

Each piece is poured to size and cannot be adjusted once made, so its best to make absolutely sure of your sizes before you confirm an order. The largest size we usually make is (200cm x 100cm) or (6ft x 3½ft) and the thickness ranges from 4mm for the smallest upto 7mm for the largest sheets, but this is completely dictated by the size of a given sheet, and the thickness of the glass doesn't correspond to its strength. Please note that as a thermoplastic material, sheet glass can contract by
